22a Caroline Street, Bridgend, CF31 1DQ, Mid Glamorgan, South Wales

In the current tough economic climate, dental care can often be neglected as it is given less priority than it should. With that in mind, we have thought very carefully about how we can help you to budget for your dental health. We have introduced our dental membership plan as it is our aim to take positive steps to ensure your dental health is never a compromise.

Our plan will make it easier for you to maintain good oral health from as little as 41p a day!

By visiting us regularly you could avoid problems and ensure the best chance of being dentally fit for the long term.

What is the 22 Dental Plan?

The patient care plan available at 22 Dental offers a simple and flexible way to pay for your dental care.

In return for a nominal monthly payment taken by Direct Debit, we provide you with a comprehensive programme of maintenance and prevention focused dentistry, plus the benefit of worldwide accident and emergency insurance as well as discount on a wide range of routine treatments.

Membership to our 22 Dental Plan ensures you have affordable access to quality dental care. For only a few pence a day, you can keep on top of your dental health.

Worldwide Accident & Emergency insurance

The 22 Dental Plan is not an insurance scheme, but we have included first class insurance cover underwritten by Hiscox, one of the UK's leading insurers, to pay for the cost of treatment if you damage your teeth as a result of an accident or need a dentist in an emergency whilst away from home. The cost is included in your monthly payment and the insurance covers you anywhere in the world for:

- ✓ Accidental damage to your teeth as a result of a fall or blow
- ✓ Emergency treatment when away from home

For full terms and conditions please refer to the Supplementary Dental Accident and Emergency Insurance Policy available from your practice.
